

# microMattebox CLAMP-ON

Thumscrew

microMattebox clamp-on

Lens Adapter

## KIT INCLUDES:

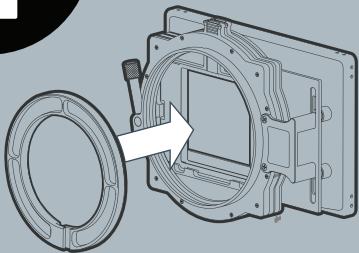

- microMattebox clamp-on

## SOLD SEPARATELY

- Lens Adapter(s)

# 1

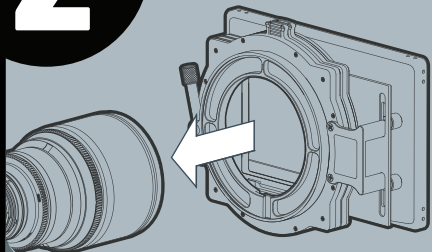

## SNAP LENS ADAPTER INTO PLACE

Make sure Thumbscrew is loose before installation. Choose the right size lens adapter for your lens. See reverse for guide.

# 2

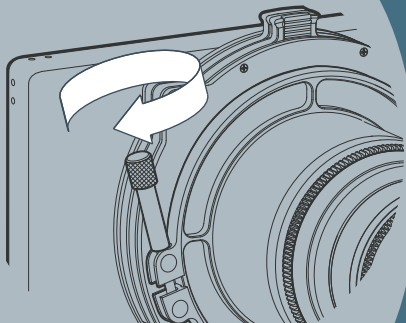

## PLACE MATTE BOX ON LENS

Make sure the lens adapter makes complete contact with the lens housing. The adapter should be fully seated on the lens.

# 3

## TIGHTEN THUMBSCREW

Fully tighten thumbscrew to secure matte box to lens.

Custom Lens Adapters can be ordered to fit any lens (See backside)

Front matte is removable for use with wide angle lenses

Turn your clamp-on matte box into a swing-away for other camera set-ups. Use the Universal Donut and Redrock Hinge Assembly
